

## STUDENT PARKING

[go.ncsu.edu/studentparking](https://go.ncsu.edu/studentparking)

Residential and commuter students who do not live adjacent to campus may purchase a parking permit based on completed credit hours and permit availability. The department allocates first-year resident parking permits through a lottery, while all other permits are sold on a first-come, first-served basis. Due to high demand, parking permits often sell out. To be eligible, students must be registered for classes without any outstanding tickets before purchasing a permit. All parking permits are virtual and available for purchase online.

## VISITOR PARKING

[go.ncsu.edu/visitorparking](https://go.ncsu.edu/visitorparking)

Visitors should use one of the many pay lots across all three campuses, and there are five ways to pay for their time: mobile app, kiosk (if available), QR code, text or phone. Hourly rates apply.

## ENFORCEMENT

Parking permits are enforced Monday through Friday, from 7 a.m. to 5 p.m., in commuter and visitor parking locations. Residential parking areas are enforced Monday through Thursday, from 7 a.m. to midnight, and on Friday, from 7 a.m. to 5 p.m.
